

AWS MARKETPLACE

CHANNEL PARTNERS

Last updated: 6/9/2025 (Updated Links)

The following is a list of AWS Marketplace Channel Partners designed to help you identify partners who are registered and authorized to resell software through AWS Marketplace Channel Partner Private Offers (CPPO). Partners are grouped based on their validated experience selling in AWS Marketplace.

Active and Launched Sellers are registered and authorized to resell software through AWS Marketplace Channel Partner Private Offers (CPPO). Launched sellers have completed onboarding (i.e. updated public profile, Banking and Tax information), and have received at least one ISV resell authorization.

Are you looking for Professional Services? Some Channel Partners provide professional services related to the software they resell. You can discover software related professional service listings by searching for specific Channel Partners on AWS Marketplace.

[For partner details and locations access the partner on the AWS Partner Finder](#)

[Partners active in Latin America can be seen listed here](#)

[Please contact aws-mp-channel@amazon.com for more information.](mailto:aws-mp-channel@amazon.com)

[Download an Excel version of this list here](#)

[Do you need to submit a correction for this list?](#)
